SpeediServ Benefits

Boost Sales, Anywhere

Maximise your overall revenue by strategically placing multiple additional sales points, ensuring wider customer access and more purchasing opportunities.

Benefit from a rapid and streamlined deployment process that enables you to set up your kiosk swiftly, efficiently and with minimal disruption to your operations.

Strengthen your brand presence and visibility across your venue by customising the unit with impactful branding options tailored to your identity.

Improve overall customer satisfaction by enabling guests to conveniently access food and beverages with a fast, hassle-free grab-and-go experience during busy periods.

Load your trolley with a diverse selection of hot food items - such as pies, sausage rolls or pastries - providing ample capacity to hold and serve up to 350 items per unit.

SpeediServ Set Up

SpeediServ Branding

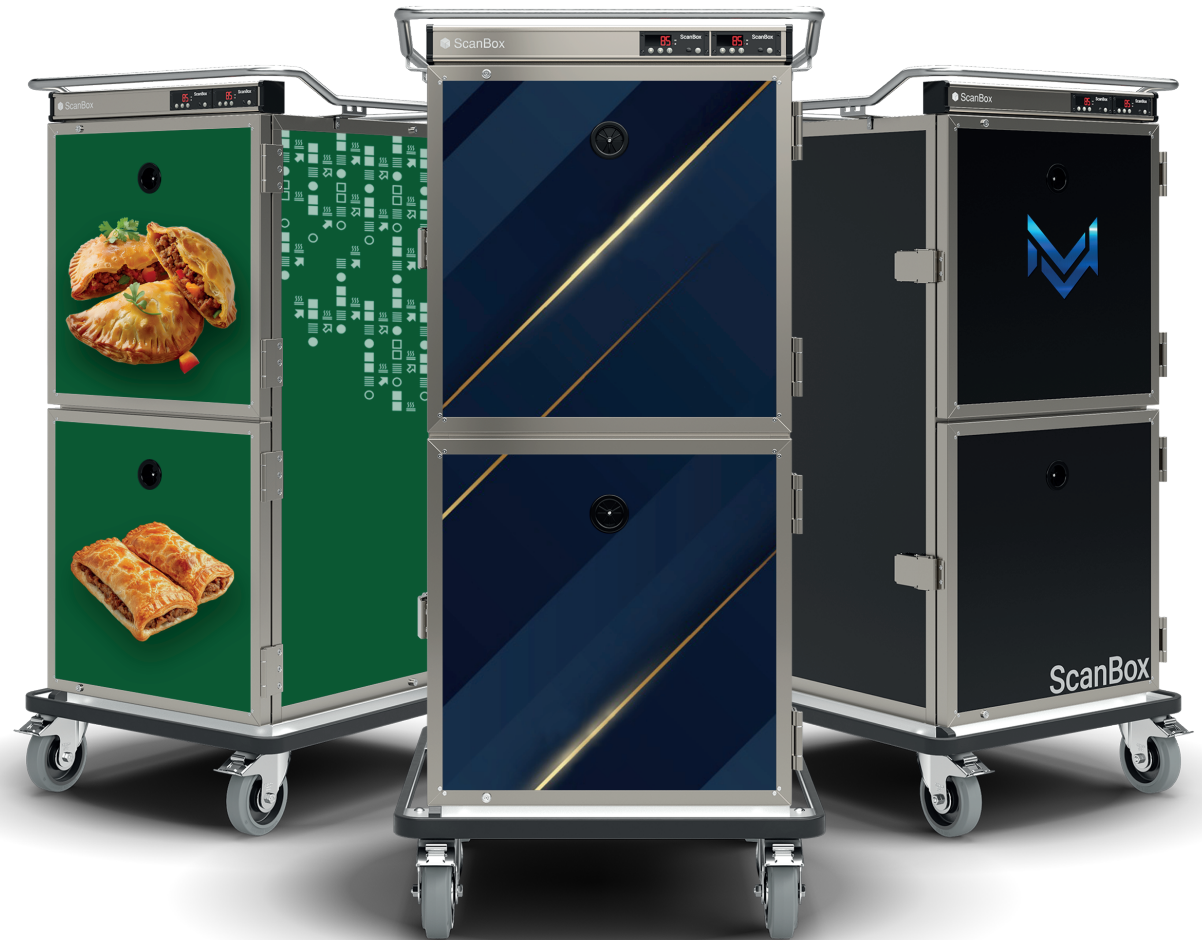

Your Brand Identity on the Move

With our branding options you can easily turn your trolley into a mobile billboard increasing your brand exposure throughout your venue.

We offer logo only and full graphic wrap options - the choice is yours! Simply provide your brand guidelines and vectorised files such as logos & patterns and our team will create designs for you to choose from.

You could simply wrap the trolley with your branding or showcase your menu options such as tempting pies, sausage rolls or pastries or why not do both!

Boost your brand with **SpeediServ**.
